Physician / Doctor

Description

We are seeking a highly skilled and compassionate **Physician/Doctor** to join our medical team. The ideal candidate will provide high-quality patient care, diagnose and treat a variety of medical conditions, and promote overall health and wellness. The Physician will work closely with healthcare professionals, ensuring patient safety and the best possible treatment outcomes.

Responsibilities

Patient Care & Diagnosis:

- Examine, diagnose, and treat patients for a wide range of medical conditions.
- Review patient medical history, perform physical examinations, and order diagnostic tests.
- Develop and implement treatment plans tailored to individual patient needs.
- Prescribe medications and therapies based on medical assessments.
- Provide preventive care, screenings, and wellness advice.

Medical Procedures & Treatment:

- Perform minor medical procedures as necessary.
- Oversee and manage chronic disease care, ensuring effective long-term treatment.
- Respond to medical emergencies and provide critical care interventions when required.
- Coordinate with specialists for patient referrals when advanced care is needed.

Documentation & Compliance:

- Maintain accurate and detailed patient records in compliance with medical regulations.
- Adhere to hospital/clinic policies, government regulations, and ethical medical standards.
- Stay up to date with medical advancements, treatments, and best practices.

Collaboration & Communication:

- Work closely with nurses, technicians, and other healthcare professionals for coordinated patient care.
- Educate patients and families about health conditions, treatment options, and lifestyle modifications.
- Participate in case discussions, medical conferences, and continuous professional development programs.
