Medical Technicians

Description

We are seeking a skilled and detail-oriented **Medical Technician** to join our healthcare team. The Medical Technician will be responsible for performing diagnostic tests, analyzing samples, and assisting medical professionals in delivering accurate patient care. The ideal candidate should have a strong background in laboratory procedures, excellent attention to detail, and the ability to work in a fast-paced medical environment.

Responsibilities

Key Responsibilities:

1. Laboratory Testing & Analysis

- Collect and analyze blood, urine, tissue, and other biological samples.
- Perform diagnostic tests, including blood work, microbiology tests, and chemical analysis.
- Operate and maintain laboratory equipment to ensure accuracy and efficiency.

2. Patient Interaction & Sample Collection

- Assist in drawing blood and obtaining other specimens from patients.
- Ensure proper labeling, storage, and transportation of samples.
- Explain procedures to patients and address any concerns they may have.

3. Equipment Maintenance & Quality Control

- Calibrate and troubleshoot laboratory instruments to maintain accuracy.
- Follow strict quality control measures to ensure reliable test results.
- Maintain a clean and sterile laboratory environment.

4. Documentation & Compliance

- Accurately record and report test results to physicians and medical staff.
- Maintain and update patient records while ensuring confidentiality.
- Follow safety and regulatory standards, including infection control and laboratory protocols.

5. Collaboration & Continuous Learning

- Work closely with doctors, nurses, and other healthcare professionals to support patient diagnosis and treatment.
- Stay updated with advancements in medical technology and laboratory techniques.
- Participate in ongoing training and professional development programs.

Hiring organization

Medi Care

Employment Type

Full-time

Duration of employment

2 Years, Extendable

Industry

Medi Care Out Source
